

MEMORANDUM

31 October 1974

TO: The Boston Redevelopment Authority

FROM: Robert T. Kenney, Director

SUBJECT: Salary Increases

It is my present intention to recommend to the Board of the Authority in January a general cost of living increase of 5% to be effective 1 February 1975.

Prior to that it is my opinion that there are a limited number of salary increases required to correct inequities and to reflect increased duties. The effective date of these raises should be 4 November 1974.
